***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Young (5634683) or Hussaini (5248180).

Young discloses a recreational vehicle 10 having a main room, figure 1, and an expandable room 12 movable relative to the main room to provide additional living space to the main room; a drive mechanism, see abstract, for moving the expandable room between extended and retracted positions, a sealing member 16/20/48 positioned between the main room and the expandable room 12, and a mechanism mounted adjacent to a top edge of said expandable room for moving the relative position of the sealing member 16 and the sealing surface 20/48 of the recreational vehicle, to enhance the sealing between the expandable room and the main room.

Hussaini discloses a recreational vehicle 10 having a main room, 12, and an expandable room 24 movable relative to the main room to provide additional living space to the main room; a drive mechanism, column 4, lines 1-15, for moving the expandable room between extended and retracted positions, a sealing member 26 positioned between the main room and the expandable

room 12, and a mechanism 38/110 mounted adjacent to a top edge of said expandable room for moving the relative position of the sealing member 26 and the sealing surface of the recreational vehicle, to enhance the sealing between the expandable room and the main room.

***RESPONSE TO ARGUMENTS***

Arguments are moot given the new ground of rejection

2. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
